JENBACHER (GE)

SPARE PARTS SUITABLE FOR:
GAS ENGINE TYPE 3xx/4xx/6xx

For more than 80 years, GE Jenbacher has been recognized as a manufacturer in the development and production of gas engines for the efficient generation of power and heat.

Jenbacher gas engines give you a power range of 250 kW to 10MW with fuel flexibility to run either on natural gas or a number of other gases.

With our head office in Europe, IMSE BVBA is your preferred partner obtaining spareparts suitable for Jenbacher engines, as well as service and technical back up supply if required.

IMSE BVBA offers top quality parts, available on very short term basis.
